ABOUT US

The Chamorro Land Trust Commission (CLTC) was created through the passage of Public Law 12-226 with the task to administer Chamorro Homelands. CLTC offers three types of lease programs which are residential, agriculture, and commercial. CLTC was merged with the Department of Land Management (DLM) through Advisory No. 9.

Mission Statement

- ◆ To be responsible stewards of all Trust lands. To create healthy, safe and sustainable communities.
- ◆ To have a robust revenue stream to fund all Trust activities and requirements.
- ◆ To protect and preserve the unique and sensitive ecological lands of the Trust.
- ◆ To enact a comprehensive Master Plan.
- ◆ To be advocates for all Trust lessees and applicants.

Our Vision

Chamorro Land Trust properties are comprised of:

- ◆ Clean, safe and thriving neighborhoods, where neighbors practice inafa'maolek and all live with dignity; and
- ◆ Productive agricultural tracts of land that are nurtured with best management practices and lead the island's agriculture market; and
- ◆ Sensitive ecological and culturally significant lands that are protected and preserved for future generations; and
- ◆ Sound commercial enterprise that enhance the livelihood and well being of the Chamorro people.

Our Progress

At year-end September 30, 2018 CLTC's land inventory totaled 11,668.38 acres, which is an increase of 46.38 acres compared to FY2017 land inventory 11,622 acres. The increase is credited to the transfer of Land for the Landless properties that have not been paid in full. Furthermore, CLTC in FY2018 issued a cumulative total of 33 leases to residential and agriculture applicants. The awards increased CLTC's total leased acres for the residential and agriculture programs to 3,089.40.

CLTC issued two (2) Home Loan Guarantees during FY 2018 and the issuance increased CLTC's Home Loan Guarantee program liability to \$10,405,552. Although, CLTC does not foresee any potential foreclosures from occurring due to the authority granted through the Chamorro Land Trust Act to "offer and reassign to the next qualified applicant the opportunity to assume any loan in default guaranteed by the Chamorro Loan Guarantee Fund."

At year-end September 30, 2018 the Chamorro Land Trust Commission (CLTC) undergone its seventh financial audit and received a unmodified "clean" opinion from Independent auditors, Deloitte and Touche, LLP.

Future Challenges

At year-end September 30, 2018 the “Complaint “ filed by the United States of America against the Government of Guam, Chamorro Land Trust Commission, and Administrative Director of the Chamorro Land Trust in FY2017 was still ongoing. Moreover, the lack of financial resources has been a carry over challenge for many years that has cause our constituents to bear the expenses of installing basic infrastructure and property surveys for parcels leased through CLTC’s residential and agriculture programs.

Outlook

The CLTC Board of Commissioners and Administrative Director will continue to move in the direction of issuing agricultural and residential leases. Furthermore, CLTC will fully exercise the use of the Memorandum of Understanding (MOU) with the Guam Economic Development Authority for property management services related to future Commercial Leases that would require to be awarded through a competitive bid process.
