RE: Request for consent to transfer of assets of Guam Wireless Company, LLC to Guam Cellular & Paging

Commissioner Matanane inquired if the two telecommunications are transferring their license to DoCoMo.

Acting Administrative Director commented not their FCC license but the Chamorro Land Trust Commission license that they have. HafaTel is requesting to transfer it to GuamCell not to DoCoMo.

Acting Administrative Director informed the Commission that Guam Wireless is also known as HafaTel. DoCoMo is the big Japanese company coming into Guam to buy GuamCell.

Commissioner Matanane inquired on the rational behind transferring the license.

Acting Administrative Director commented eventually they want to phase out Guam Wireless.

Commissioner Matanane clarified if all the aspects of the license will be carried over to GuamCell and inquired if GuamCell agreed to it.

Acting Administrative Director commented yes the aspects will be the same and that GuamCell has agreed to it.

Chairman Pro-Tem Calvo inquired if the Commission can do this.

Acting Administrative Director commented yes under the terms of the license provided the transfer has the consent of the Commission.

Chairman Pro-Tem Calvo commented that if we are going to do that, he doesn't want a backlash of others coming in requesting to transfer.

Acting Administrative Director stated that this is a commercial license.

Commissioner Matanane inquired on why can't GuamCell apply for a license with the Commission.

Acting Administrative Director commented that they do have licenses with the Commission.

Commissioner Matanane commented that if we are going to transfer the license we would need the specifics of each license that Guam Wireless has with Commission.

Acting Administrative Director commented that the Commission has that already and that there are 9 licenses under Guam Wireless.

Commissioner Perez inquired if Hafatel is phasing out.

Acting Administrative Director commented that GuamCell is buying out HafaTel.

Commissioner Matanane made a motion to approve the request for transfer of assets of Guam Wireless Company with the conditions in the license remaining the same. Commissioner Perez seconded the motion. There were no objections, MOTION PASSED by all members including Chairman Pro-Tem Calvo.

IT&E License request

The Administrative Director commented the other item he would like to bring to the Commission's attention are the two license requests by IT&E. In the previous meeting Commissioner Calvo wanted to make sure that the Yigo site requested by IT&E was exactly the lot they had wanted. It was confirmed with John Borlas and they did conduct a test in the area and they are now requesting final approval.

Commissioner Matanane made a motion to approve the license request by IT&E for the sites in Yigo and Mangilao. Commissioner Perez seconded the motion. There were no objections, MOTION PASSED by all members including Chairman Pro-Tem Calvo.

Acting Administrative Director commented that the agenda request that he would like to amend is that the Commission go into Executive Session to discuss personnel and transition matters.
